GAS MASKS TO BE SHOWN

Carter Glass Special Trophy Train to Arrive in Alexandria Monday

HOUR SET IS 3 P. M.

Will Exhibit First Masks Used in Warfare—One of Features of Victory Liberty Loan Train.

Richmond, Va., April 18,—A collection of gas masks used in the war will be one of the features of the Victory Liberty Loan Trophy Train, the Thirtieth Division Special which will visit this city at 3 o'clock Monday afternoon. It was in the bloodiest battle of the entire war, certainly during the earlier years of the war that the Germans first loosened the horrors of poisoned gas upon a civilized world. Despite the fact that English professors had previously discovered the potentialities of gas as a weapon of warfare and then had discarded it as too brutal, the Germans took it up and utilized it without a moments warning.

The initial attack came in April, 1915, during the second battle of Ypres. Official figures have never been given of what happened. Rumor has it that the French lost 35,000 men alone as the result of poison gas.

The records show that Allied disaster was averted by a shade only. The official report says: "The Canadians unquestionably saved the day," which refers to the Canadian division that came up to the support at the moment when a breach in the line seemed imminent and unavoidable.

Scientists shortly afterwards discovered the chemicals that were an antidote to poison gas and affected the primitive P-B helmet. This consisted of heavy, air-proof cloth headpiece, fitted with goggles and a nose piece to be worn around the head and neck. The nose piece was held tight by clamps, much on the order of clothes pins, familiar to the backyard clothesline. The material for the goggles was impervious to gas. The only lose part of the P-B helmet was the neckpieca, which the wearer had to hold tight with one hand, to prevent gas fumes from creeping up. "Ghouls of Hell" the Allied soldiers were called by the Huns when they went over the top, rifle in one hand, the other hand clasping the P-B helmet securely around the neck, and the face covered with this dirty gray cloth, fitted with goggles. Soon the clumsy P. B. helmet went into disuse and its place was taken by the shell small box respirator in 1918. This consisted of a respirator pack, fitting in a small haversack at the soldiers side. The face pieces were much smaller and easier to handle, only the nose, mouth and eyes were covered, leaving the soldier two free hands with which to tackle the Boche. This helmet was used from 1918 until the signing of the armistice.

Both style of helmets will be on exhibition with the Thirtieth Division Trophy Train which will reach here Monday afternoon at 3 p. m.

IN MEMORIAM

In sad but loving memory of my devoted daughter, LOUISE ALMA MASON, who died 6 months ago today, October 18, 1918.

The last farewell was spoken
Six months ago today,
My heart was almost broken
When my loved one passed away.
Often sit and think of her
When I am all alone,
For memory is the only thing
That grief can call its own.
Sat beside her dying bed
And saw her life depart,
And when I saw that she was dead
It almost broke my heart.

By her devoted mother.

TRAIN HITS TWO IN AUTO; ONE DEAD

Carsons, Va., April 18.—A Coast line train yesterday morning struck an automobile in which Floyd Spiers and Buck Hawkins, young men of Dinwiddie county, were riding, killing Spiers and injuring Hawkins, who will likely recover. The engine of the car went dead as the car straddled the tracks. The fast mail came down on the car, a building obstructing the view until too late.

PROCLAMATION BY GOVERNOR

Richmond, Va., April 18.—Governor Westmoreland Davis today issued a proclamation calling upon the citizens of Virginia to support the Victory Liberty Loan Campaign which will be launched Monday and the War Savings movement already under way. A proclamation has also been issued by Governor T. W. Bickett, of North Carolina, and others are shortly expected from the executives of the other states of the Fifth Federal Reserve District. Governor Davis' proclamation follows:

"Whereas, Victory for democracy has been won by the Allied nations through the noble and unselfish sacrifices of our gallant sons who gave their lives on the battle fields of France that the world should be made safe from aggression of German militarism and political autocracy; and

"Whereas, This war for the preservation of American institutions and the liberty of the individual citizen has been won, but not yet been paid for; and

"Whereas, The Government of the United States has incurred heavy obligations in the conduct of the war, and great expenditures will be necessary to meet post-war conditions; now,

"Therefore, I, Westmoreland Davis, Governor of Virginia, do earnestly urge the people of Virginia to subscribe to and in every way within their power to aid The Victory Liberty Loan, and that they invest in War Savings Stamps to the full extent of their individual means so that the Government of the United States may be able to meet its obligations.

"Given under my hand and under the Lesser Seal of the Commonwealth this eighteenth day of April, in the year of our Lord one thousand nine hundred and nineteen, and in the one hundred and forty-third year of the Commonwealth.

"WESTMORELAND DAVIS,
"Governor.

"By the Governor:
B. O. James."

BIG STRIKE IN BERLIN

Business Completely Paralyzed—200,000 Clerks Join Workmen

Berlin, April 18.—The general strike, which has swept other portions of Germany for weeks, yesterday struck Berlin, completely paralyzing business.

Two hundred thousand clerks and office workers joined the metal trades unionists, forcing all stores, warehouses and banks to close. Most of the factories already had been compelled to shut down. Strikers were picketing every place of business. No disorder had occurred up to 4:30 yesterday afternoon, but the authorities were prepared for any emergency.

A general strike also was reported in Bremen, under communist leadership, affecting all industries. Longshoremen refused to unload American food ships.

STRONG STAND ON DIVORCE

Danville Minister Will Not Perform Marriage Ceremony for Divorced Person

Danville, Va., April 18.—The Danville ministry has taken a strong stand against divorce, and all of the ministers in town have signed a pledge not to officiate at the marriage of any divorced person unless they present proof that they were innocent victims of a separation granted on scriptural grounds.

A series of resolutions adopted deplore the increase of divorce in this city, and it is on this source that the pledge is signed. In future not only will a copy of court records where the divorce was granted be required by the minister, but also a summary of the evidence in the case.

Don't forget the Democratic primary next Tuesday the 22 of April and vote for R. Walton Moore for Congress. 91-5t.

WRESTLER KILLED

Richard Peiser Has Neck Broken in Bout With Caesar Bacini.

Richard Peiser, a wrestler known as the "Rough House Butcher Boy," died at 10:30 o'clock last night in Virginia Hospital in Richmond, from a broken neck sustained in a wrestling match with Caesar Bacini, a Richmond boy, known as "Young Caesar," at the Academy of Music an hour earlier. A warrant charging manslaughter was issued for Bacini's arrest. Later Bacini was placed under arrest and bailed under a bond of $1,000.

CARDINALS WILL HOLD ANNUAL MEETING MONDAY

The Cardinal Athletic Club will hold their annual meeting at the home of Sylvester A. Breen, president, 1325 King street, Monday evening at 8 o'clock, at which time plans will be discussed for entering the amateur independent baseball games during the 1919 baseball season.

The Cardinal lads who have been fighting for Uncle Sam overseas and who have recently returned to their homes will attend, and refreshments will be served in their honor.

COMMISSION MANAGER PLAN

The National Short Ballot Association, of which Woodrow Wilson is president, has the following to say about the Commission Manager Plan.

"One Man Power Abolished

"The commission-manager plan abolishes one-man power entirely. It goes even further in this than the commission plan does, for in the latter each commissioner has a sphere of administrative authority into which other commissioners do not intrude, since, if they find things amiss, they cannot discharge or even discipline him. The election of a crank as old-style mayor would demoralize a town; his election as a commissioner in the commission plan would demoralize one department. his election as commissioner in the commission-manager plan need do no harm whatever, since his notions are safely submerged and blended in the composite mind of the commission. of which he is simply one voting member.

But if the crank becomes city manager? Very well. Instead of being, like the mayor or commissioner, subject to intermittent control at elections or to the rare and heavy process of popular recall, he is subject to continuous control and instant process of popular recall, he is subject to continuous control and instant removal by a board of popular representatives, who have every facility for close supervision and on whom his actions reflect. His follies promptly run plump against the questioning of the stable and sober composite mind of a group On every question, big or small, the last court of appeal is a group, never a single and possibly opinionated mind. The city manager's appointments, too, are subject to the oversight of the commission, which may if it desires, insist on considering every appointment he makes, but unlike the old style council, it takes the ultimate responsibility for all appointees. There is no need of giving minor boards a protected tenure since the appointing power is now stabilized. The charter can be primitively simple and short and can safely extend municipal powers in the most free-handed way. More things can be done by flexible administrative rulings, and less and less by wordy, inelastic ordinances The corporation counsel will have little to do in digging up ancient ordinances or interpreting or stretching the charter.

The Most Democratic Plan

The first-thought objection to the commission-manager plan is that it is undemocratic in making its most important single official appointive instead of "directly responsible to the people by election." Democracy, however, consists in controlling public officers, not necessarily in electing them, and the most effective way for the people to get a firm grip on the neck of the city manager is by sending a representative group of citizens down to city hall to see what the manager is doing, with power to fire him and get another any day of the week if he is unsatisfactory or insubordinate. Compared with that method, direct election and recall are crude, clumsy, insufficient and relatively undemocratic."

Citizens Committee,
Jas. R. Caton, Chairman.

WILL GIVE THREE SHOWS SUNDAY

At 3 p. m., at Richmond and 8 p. m., at Richmond and Ingomar

THE PRICE OF PEACE

Hon. H. B. F. Mac Farland, Former District Commissioner, Will Deliver Address at Richmond Theatre

"The Price of Peace," a stirring movie of the war, will be shown three times in this city Sunday under the auspices of the local Victory Loan committee to the citizens of Alexandria free of cost.

This picture will be shown at 3 o'clock in the afternoon in the Richmond Theater and at 8 o'clock at night in the Ingomar and Richmond Theaters.

At 8 o'clock Sunday night at the Richmond Theater Henry B. F. Mac Farland, former Commissioner of the District of Columbia, will deliver an address of a patriotic nature, which will formally inaugurate the opening of the Victory Liberty Loan Campaign in this city. Music will be furnished by an orchestra from the United States Navy.

One of the stirring features in the "Price of Peace," is Whittlesey and his lost battalion just as they appeared when they were lost and you see Whittlesey just as he was when he received the demand to surrender with their foodstuffs and the soldier with that memorable message.

During the war we were told that food will win the war, and, to appreciate why this became the battle cry of the civilian population one should see the "Price of Peace." The great war kitchens will be seen laden and when he sent the courier back looks at work.

During the entire picture one sees the grimness of war. Only once is a lighten vein seen and that is when a glimpse of comedy is shown for the recreation of the man. With all the danger encountered by the American soldier his fortitude is shown and you see him at his task from sector to sector and on over the bridge as he crosses the Rhine into Germany.

It may be that American patriotism does not need stimulation but the American civilian will have his appreciaton deepened and his patriotism quickened when he sees the "Price of Peace." The public is invited to see this picture free of any cost of admission. Through the courtesy of the Alexandria Amusement Company it will be shown at the forgoing theatres.

These three shows have been arranged because of the increasing interest in ths pictorial review of the American army and navy engaged in the great war for peace.

VIRGINIAN KEPT VOW

Refused to Have Hair Cut Until Democrat Was Elected President

Winchester, April 18.—Relatives here have been advised of the deaths of two brothers, Edward F. Boxwell, 79 years old, which occurred at his home in Hoisongton, Kans., after a long illness, and Samuel L. Boxwell, 65 years old, of Ocean View, Va., who is belived to have committed suicide with illuminating gas in a room in Washington.

Both were members of an old and well known Winchester family, and leave many relatives here. Edward Boxwell gained notoriety in the West by vowing during the Bryan campaign in 1896 not to have his hair cut until a Democrat was elected President. He kept his word, and for 23 years he let it grow until it almost reached the floor. Finally, after attending President Wilson's first inauguration, Boxwell went to a Washington barber and had his locks shorn.

HELP AND INFORMATON FOR SOLDIERS AND SAILORS.

Furnished by the Home Service Section of the American Red Cross

Soldiers and sailors discharged from military service on account of physical disability are already returning to their homes. The Federal Government has made wise and far reaching plans for the effectual re-establishment in civil life of these men who risked their safety for the safety of the nation. Men disabled, whether by accident or wounds, are not in the future to be discharged from Army or Navy hospitals until they are as well as medical and surgical treatment can make them. When they are finally discharged, the Federal Board for Vocational Education offers them training for some position in which their disabilities will not handicap them, while the War Risk Insurance Bureau pays them a monthly compensation based on the degree of disability, and payable as long as the disability exists, regardless of what the men may have gained in earning power, by their re-educational training.

In this great work the government needs help, for there are Thousands of Disabled Soldiers and Sailors who do not know of the opportunities offered them by the Government, or do not see the advisability of making use of them. The American Red Cross, through its Home Service Sections, has been directed to co-operate with the Federal Board for Vocational Education in its program of civil re-establishment.

Accordingly the Home Service Section of the Alexandria Chapter American Red Cross, has organized a committee to assist in every way soldiers and sailors discharged from the service for disability. The work includes advice, encouragement, family relief, and information about Government regulations and the latest development of its program. We are in a position to advise as to what benefits may be claimed, to give information to men discharged for disability concerning the oportunities provided by the government.

Those to whom postcards have been mailed are asked to fill out and mail at once in order that the Red Cross may have a list of every man in the Service, and to bring to its attention any man whom you know to have been discharged, from the military or naval forces of the U. S. Such men should be referred to the Home Service Section, American Red Cross, Chamber of Commerce. Office hours: Wednesday 2 to 4 p. m., Friday evenings, 7 to 8 p. m.

CONDITIONS IN TURKEY

Bands of Brigands Are Dominating Country; Massacres Feared

London, April 18.—It is learned here that the situation in Turkey is causing grave anxiety. Internal disorder is rife, according to reports from Rear Admiral Webb, R. N., at Constantinople. It is feared there will shortly be outbreaks and massacres of the Armenian population on a large scale.

The situation at Smyrna, where the Turks and Greeks are ready to spring at each other's throats, is typical of the situation throughout Turkey. Bands of brigands are dominating the country, even within a few miles of Constantinople and committing atrocious murders.

The committee of Union and Progress, the young Turk organization, driven from power in Constantinople as a result of the allied victory, is reported to be secretly conducting a reorganization movement.

Further disorders are feared in Egypt. A division of British troops is on the way to reinforce the troops of Major Gen. Allenby, the special high commissioner to Egypt and to relieve Australians and New Zealand soldiers who will return home.

JOHN M. GRIFFIN DIES

Was Prominent in First Virginia District Politics for Many Years

Fredericksburg, Va., April 18.—John M. Griffin, former chairman of the Democratic district committee and prominent in politics, died at his home here Wednesday after a stroke of paralysis. He was sixty-two years old, and a brother of Rear Admiral Robert S. Griffin, chief engineer of the navy, and of Dr. Thomas A. Griffin, chief of the application division of the Civil Service Commission in Washington.

WILL HOLD SERIES OF MEETINGS

Questions on New Form of City Government to be Discussed

The board of directors of the Chamber of Commerce have tendered the use of the auditorium to the citizens committee for any meetings they desire to hold in connection with the movement for adopting a new form of city government.

The citizens committee plans to have a series of informal meetings the first of which will be held in the auditorium of the Chamber of Commerce, Monday night.

Everyone who is interested in this proposition, and has any questions to ask, or to discuss, are invited to attend these meetings and ask any questions an denter into a discussion of them.

50 KILLED IN KIEL MUNITIONS BLAST

Amsterdam, April 18.—Fifty workmen were killed in the explosion of an ammunition factory at Kiel, said a dispatch from that city today.

Communicated

Editor, The Gazette:

I note, not with surprise, that certain interests are endeavoring to use the retail merchants' bureau of the Alexandria Chamber of Commerce to push through city council a prohibitive tax upon circuses and street carnivals. I had thought that with the advent of the shipyards, the torpedo plant and other enterprises we had abandoned the idea of building that oft referred to "fence" around Alexandria but it would seem that I was mistaken. Now, Mr. Editor, let us look the matter fairly in the face. Within the week I have heard it asserted that carnivals and circuses take away from the city a big sum of money but I have yet to hear any one mention what they spend here. The total receipts of these amusement enterprises are made up of small contributions, if I may use that word, from individuals who get, in most instances full return in amusement, diversion or whatever you may care to call it. Now, let us see what they leave behind, not in the money bags of those who have patronized the show and have gotten the worth of their money but in circulation. The writer, for the information of the special committee appointed by the retail merchants bureau of the Chamber of Commerce has taken the trouble to secure an estimate of the expenses of the J. F. Murphy Shows in Alexandria this week. The estimate follows:

License, $100 per day, $600; Electric lights, 100; hauling on and off the lot, 200; living expenses, 165 people $2.00 per day, 1,980; grocery stand $50 worth groceries per day, 300 cook house, $75 worth meat, groceries, soft drinks, 450; laundry bills, 165 people, for the week, 100; Sundry expenses, in stores in town, $1.00 per day, 990; hospital (2 patients), doctors and drug stores, 100; dry goods clothes and shoes, estimate for week 300; water, for filling tank 15; water on lot 7; gasoline and oil, 32; lumber and hardware, hinges, bolts, 51.60 clothes pressed and cleaned, 25; horse feed 25; meat for animals 30.48; hauling of shavings 14.00; Total $5,320.08

You will note, Mr. Editor, that the foregoing statement does not include newspaper advertising and job printing, nor does it include the war tax I am informed that the Sibley show at the head of King street, paid more than $500 war tax for last week and it is safe to say that the Murphy show will pay not less than that amount to the government this week. For the further information of the special committee of the retail merchants bureau of the chamber of commerce I will add that none of these amusement enterprises pays the $100 tax to the city when they are unable to show on account of inclement weather. Now, suppose the city gets from the Murphy Shows this week only $400 or $500, is there an amusement enterprise permanently located here that pays the city anything like that amount of money in a year? If there is the writer would like to know about it and will doff his hat to the proprietors. Methinks, Mr. Editor, this should be food for thought for the members of the special committee of the retail merchants' bureau of the Alexandria Chamber of Commerce.

Reginald de Ufford.

CLERKLESS STORE

Students Take What They Want And Put Money in Register

Lexington, Va., April 18.—A store without a clerk, where a customer takes what he wants and deposits the money in the cash register in payment himself, is a unique application of the "honor system to money Washington and Lee University. Run under the auspices of the Young Mens Christian Association, the store is proving a great success, and would seem to serve as a lesson to merchants who feel burdened with overhead expense.

Tobacco, candy and sofe drinks in bottles are the chief articles sold at this store. The price of each article is plainy marked and students sell themselves what they want, with no one to watch for short changers. The scheme has worked for several months.

When everything is perfect there will be nothing to kick about, and life therefore won't be worth living.

GOOD FRIDAY

The observance of Good Friday, in one form or another, is customary throughout the civilized world. Virtually all Christian churches enter into the spirit of the occasion.

Good Friday is observed by Christians as the day on which the redemption of the world was accomplished by the death of Christ and in some churches it is marked by elaborate ceremonies.

In Catholic Churches the day is peculiar from the fact that it is the only day of the year when no mass, properly so-called, is celebrated. Symbolizing the period when Christ lies dead, there is no consecration of the sacramental hosts, the essential rite of the mass, at today's service. Instead the hosts consumed are those consecrated yesterday, Holy Thursday. The ceremony is called the "mass of the presanctified."

Services of unusual solemnity were held from noon until 3 o'clock this afternoon, the period during which Christ hung upon the Cross, consisting of a series of prayers, lamentations and seven short discourses on the seven last phrases uttered by the Savior before His death.

Holy Saturday will be observed in Catholic churches tomorrow morning with elaborate ceremonies lasting more than three hours, including the lighting of the new fires, which is done by the priests by means of flint and steel, the blessing of the oils and water used in baptism, and the lighting of the Paschal candle.

The joyous Easter bells will ring out Sunday in commemoration of the resurrection of the Prince of Peace.

PRMOTING IMMORALITY

A bill has been passed by the lower house of the New Jersey Legislature requiring health certificates as a prerequisite to matrimony. The design is what the uplifters call "eugenics." The propagation of children is to be regulated by law and healthy offspring is to be safe guarded.

The Baltimore Sun asks "is there any length to which the faddists and uplifters will not go in pursuit of their rainbow chasing dreams? Cannot they be induced to listen to the voice of reason or be guided by the lessons of experience before following with credulity the whispering of fancy?

"It has been the common experience of mankind that legal obstructions to marriage always promote immorality and misery. In Austria, for example, army officers, except the wealthy, could not marry, and the result in Vienna was to make it one of the most immoral of cities. The New Jersey bill should be entitled.. An Act to Promote Immorality. Fortunately, if the bill should become a law, New Jersey is separated from New York only by a river and from Pennsylvania by a river. There are tunnels under the Hudson and bridges over the Delaware.

"The eternal activity of the pestilent faddist in law regulation recalls the great political issue in Lilliput where civil war raged over the question whether the law should require the people to break their eggs at the big end or at the little end. Some philanthropist should establish a refuge for the faddists, where molasses could be put on the tips of their fingers and they could employ themselve in picking feathers from one hand to the other."

ISHII TO RETURN HOME

Jap Ambassador Recalled For Conference

Washington, April 18.—The State Department was advised formally yesterday of plans of Viscount Ishii, the Japanese Ambassador to the United States, to leave here next month for Tokyo, At the Japanese Embassy it was stated that the Ambassador was returning for conferences with his government.

State Department attaches were informed several weeks ago of Viscount Ishii plans, and it was stated today that recent international developments were not a factor. Also, it was stated that there has been no suggestion of retirement of Viscount Ishii except as political affairs in Japan may bear upon his personal plans.

Viscount Ishii was named Ambassador to the United States in February, 1918. He negotiated with Secretary Lansing in November, 1917, the new agreement by which the United States recognized Japan's special interest in themselves to observe the open-door policy and to respect the territorial and political integrity of China.

500 Women do the Work of Three Boys

500 women earned 6c each

In a recent investigation of the Cash-and-Carry System it was discovered that in a certain community of 500 homes, a representative from each home arranged to do the marketing in person.

This was done on the supposition that two or three grocer's clerks would be released for military service. On this patriotic theory each of these 500 women walked an average of a mile (1-2 mile each way) to the grocer's, stood in line awaiting service, and consumed about an hour of precious time. Five hundred hours wasted! More than 62 eight-hour days!

500 women could have devoted that time to constructive, intelligent war-work, while the marketing and delivering could have been more efficiently, more economically handled by a real service grocery system.

We can fill your orders intelligently. Phone your order—we will see that you are satisfactorily served, that the groceries reach you promptly and we will sell you nothing we cannot recommend.

If you want baking powder, we'll recommend RYZON. Ryzon has been tested by us and proved 100 per cent efficient; it is economical at 40c per pound. Try our Luxury Coffee, lb. 35c

Make your family proud of their home

Your wife and children cannot take a pride in their home if the house is faded and weather-beaten. That means no-paint. And, for mansion or cottage, the best paint is

DEVOE *The Guaranteed* ***Lead and Zinc Paint*** *Fewer Gallons—Wears Longer*

We guarantee Devoe Lead and Zinc Paint to be absolutely pure. When you paint with Devoe you save paint-money—fewer gallons to buy; you save labor-money—fewer gallons to spread; you get a better looking paint-job—pure paint; and it will be a longer time before you need another paint-job.

Why have a shabby house any longer? It will cost you more to paint next year. Paint with Devoe *now* and insure your home against decay. Stop in to-day and let us give you a Devoe color card and a practical booklet—"Keep Appearances Up and Expenses Down."

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening griping cathartics are derived from Dr. Edwards' Olive Tablets without griping pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

205 HUN U-BOATS SUNK

Many Found Stuck on Bottom and Crews Suicides, Says Sims.

New York, April 18.—Rear Admiral Sims, who commanded the American fleet during its wartime activities in European waters, said yesterday that he believed there were "205" German submarines at the bottom of the Sea." In a speech at the Bond Club, a victory Loan organization, he said the fleet "found many submarines stuck on the bottom, with indications showing that many of the men caught inside either committed suicide or killed each other."

REV. J. R. TAYLOR DEAD

Was For Many Years Rector of St. James' Church in Accomac.

Accomac, Va., April 18.—Rev. Jefferson Randolph Raylor, died at St. James' rectory, Accomac, Va., yesterday, aged seventy-seven years. He was a native of Albemarle County, the son of Patsy Jefferson Randolph and John Charles Randolph Taylor, of Charlottesville.

WILL NOT TRY KAISER

Paris, April 18.—The Belgian delegation to the peace conference yesterday informed the correspondent that Belgium had not been officially requested by the Council of Four to bring the former German Emperor to trial, and that the Belgian Government would feel obliged to decline to take the step even if there were any request for such action.

The Belgian delegates hold that any action should be taken by a commission representing all the associated Powers. The official Belgian view, it was said, is that the former Emperor cannot be arraigned for declaring war on violating the neutrality of Belgium, or for any act preceding or coincident with the declaration of war.

Don't forget the Democratic primary next Tuesday the 22 of April and vote for R. Walton Moore for Congress. 91-5t.

What is BORAX?

BORAX is a natural crystal of magic properties not possessed by any other substance on earth. When placed in the water used in the laundry, kitchen and bath, it becomes an invisible giant, working wonders for the cleansing and brightening of the home and the lessening of household labor.

Borax is a marvelous aid to soap wherever soap is used. It's the Borax with the soap that does the work because Borax is the greatest water softener known to man, and soap works better in soft water.

Used in the laundry

it saves soap, time and rubbing. Makes clothes hygienically clean and sweet smelling.

Used in the kitchen

it cuts the grease from pots and pans, puts a polish on china and glassware and keeps the kitchen sink clean and sweet.

Used in the bath

it cleanses the pores, refreshes the skin and removes perspiration odors.

20 Mule Team Borax Is an Everyday Household Necessity

BABY CHOKES TO DEATH

18 Month Old Child Got Hand Caught in Shirt Neckband

New York, April 18.—Robert E. Frietz, 18 months old, son of Mr. and Mrs. Henry E. Frietz, of Tompkinsville, S. I., was accidentally strangld to death in an unusual manner.

To break the child of the habit of sucking his thumbs Mrs. Frietz sewed up one of his nightdress. In his struggle to free his hand the child got his arm out of the sleeve and partly up inside the neckband of the nightdress. The band was thus drawn so tight that it choked him to death, according to the report of Dr. Geo. Mord, medical examiner.

WINDS DELAY CROSS SEA FLIGHT

St. Johns, Newfoundland, April 18.—Another twenty-four-hour postponement of the 3,000-mile trans-Atlantic airplane flight for the $50,000 prize offered by the London Daily Mail was considered virtually imperative this morning as a result of continued bad weather. Both the Sopwith machine and the Martinsyde plane are ready to start when the weather permits.

During the night the wind rose again and there were snow squalls, reports from the Eastern section of the Atlantic indicated similar conditions prevailing there.

RESULT OF STRIKE

Carrier Pigeons Replace Phones in New England

Boston, April 18.—The Northeastern department was using carrier pigeons between this city and points in Maine due to the fact that telephone communication between Boston and cities in the Pine Tree State is paralyzed by the strike.

Early yesterday a pigeon was released from headquarters here bound for Fort Constitution, Me. Shortly before noon another bird reached here with a reply to the message.

THEATRES

GRAND THEATRE

"How did you come to write a picture like "Scandal Mongers?" was asked of Lois Weber, whose work as star and producer of Bluebird photoplay which comes to the Grand Theatre tomorrow is one of the admitted major accomplishments of the motion picture screen. The fact that the company is re-issuing in amplified and revised form this sensational picture of three years ago is the best proof in the world that its value is not to be measured by the years and not to be valued by any arbitrary thirty—sixty,—or ninety-day release schedule.

"Scandal Mongers," is a film for all time, for all ages, sex. class, color or condition of servitude. It is truly universal in its appeal and application. It is as true to life today as it was three years ago and three thousand years ago. Human nature has changed very little in that time, though clothes and conditions are mightily different.

Also Tom Mix in a western drama.

RICHMOND—John Barrymore

John Barrymore's new photoplay, "The Test of Honor," a picturization of E. Phillips Oppenheim's famous novel, "The Malefactor," will be shown at the Richmond Theatre tonight. It is a powerful photoplay in which Mr. Barrymore plays the part of a man who sacrifices his career for a worthless woman, but who finds happiness in the end.

INGOMAR—SHIRLEY MASON

The attraction tonight at the Ingomar will be Shirley Mason in "Come On In,' a photoplay of fun, suspense and thrills.

If you want to get rid of your aches and your pains bury them deep under your mercies beyond resurrection.

Everybody owns a private ferryboat in the Himalayas.

KILL REBEL GENERAL

Blanquet Surprised by Federal Troops And Slain in Fight

Mexico City, April 18.—Gen. Aurelio Blanquet was killed by Mexican federal troops near Vera Cruz at 6 o'clock Wednesday afternoon, according to dispatches received here yesterday.

President Carranza has wired his personal congratulations to General Guadalupa Sanchez, who led the party who surprised and killed Blanquet.

There is much rejoicing here. This event is regarded as the death blow of the movement of Felix Diaz against the government of President Carranza.

20 SOLDIERS KILLED

12 Americans, 8 Frenchmen Are Victims in Crash

Brest, April 18.—Twelve American and eight French soldiers were killed and fifty-six were injured in a rear end collision of troop trains bound for this city yesterday. The collision occurred west of Le Mans about 10 a. m.

The collision occurred three miles west of Conlie. The troop train had stopped when a special from Sille Guillaume crashed into it, telescoping the rear coaches.

Corns, Calluses Quit Quick!

Two Drops of "Gets-It" Will Do It.

Ever hand-carve your toe with a knife trying to get rid of a corn? Ever use scissors and snip off part of the corn too close to the quick?

"Gets-It" Puts Your Feet in Clover —It Ends Corns Quickly.

Ever pack up your toe with "contraptions" and plasters as though you were packing a glass vase for parcel post? Ever use greasy ointments that rub off on your stocking? Ever use sticky tape that gets jerked off when you pull your stocking off? Kind o' foolish, when 2 or 3 drops of "Gets-It" on any corn or callus gives it a quick, painless, peaceful, dead-sure funeral! Why putter and suffer? "Gets-It" stops corn pains, it lets you work, smile and dance, even with corns. It's the common-sense way, the only simple, easy way—peels corns off like a banana peel. Used by millions. It never fails.

"Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.
